VERNAL POOL WORKSHOP

A Vernal Pool Workshop is coming to Fremont! On Saturday May 5th, 2007 the Exeter River Local Advisory Committee (ERLAC) and the Fremont Conservation Commission extends an invitation to all Fremont residents to come and learn about Vernal Pools. Vernal Pools are temporary water bodies that form each spring from snow melt and are important habitat for many creatures.

Please join us at 10:00 AM at the Fremont Town Hall for a brief presentation, find out why vernal pools are so important and what types of creatures can be found there. The presentation will be followed by a walk in the woods to find vernal pools and see the creatures up close.

This workshop is FREE and is lots of fun for both kids and adults. **BE SURE TO DRESS FOR THE WEATHER.** This workshop will go on rain or shine. If you would like any additional information, please contact Tina Sturdivant at 895-9436 or ERLAC at 778-0855 or www.exeteriver.org. Hope to see you there.
